Dear Paul -

Thank you for your last Summary  
The postman had literally just walked in as  
I write - with your latest letter! I loved  
your letter! Loved your article! loved the  
times one too! Thank you very much  
I enjoyed the video enormously, its  
about time - How about helping me

with another article? (you write well)  
The idea would be to send it to  
LYNNE TRUSS of the Times and get a  
really good dig in about the finances  
all these con guys get (most not be  
too rich!) and how no-one seems to  
care about the state of the church -  
roof, Bell Tower etc... I think it is  
outrageously disgraceful - I know I always  
plod on with the same subject and  
who knows we might get something  
in the end. They are all take &  
no give and on top of it attract  
all the wrong influences for this

PS: must admit also that we have  
met some wonderful & interesting  
people that one can spot  
a mile away through the crowd!
